CONSOLIDATED TOMOKA ANNOUNCES SECOND QUARTER EARNINGS

DAYTONA BEACH FLORIDA - Consolidated-Tomoka Land Co. (AMEX-CTO) today reported net income of \$3,791,933 or \$.67 per basic share for the quarter ended June 30, 2006, compared with net income of \$851,126 or \$.15 per basic share for 2005's same period. Earnings before depreciation, amortization and deferred taxes (EBDDT) totaled \$.77 per share in 2006's second quarter, compared with a negative \$.20 per share in 2005. For the six months ended June 30, 2006, net income totaled \$1.05 per basic share and EBDDT totaled \$1.46 per share. The comparable numbers for the first six months of 2005 were net income of \$1.76 per basic share and EBDDT of \$2.36 per share.

EBDDT is being provided to reflect the impact of the Company's business strategy of investing in income properties utilizing tax deferred exchanges. This strategy generates significant amounts of depreciation and deferred taxes. The Company believes EBDDT is useful, along with net income, to understanding the Company's operating results.

William H. McMunn, president and chief executive officer, stated, "Operating results for the second quarter reflect higher land sales profit including recognition of approximately \$2,590,000 of profit deferred from prior period sales. Profits from income properties rose 25% compared to last year's same period. In mid-June, the Company acquired stores leased by Best Buy and Dick's Sporting Goods in Atlanta, Georgia, increasing the portfolio of net-lease properties to twenty-five. Also, positively impacting second quarter profits were decreased stock option expense accruals compared with 2005. Management continues to focus on closing a backlog of pending contracts during the balance of the year."

Consolidated-Tomoka Land Co. is a Florida-based Company primarily engaged in converting Company owned agricultural lands into a portfolio of income properties strategically located throughout the Southeast, and development, management and sale of targeted real estate properties. EBDDT Per Share	======================================	======= \$2.36 =====

EBDDT Earnings Before Depreciation, Amortization, and Deferred Taxes. EBDDT is not a measure of operating results or cash flows from operating activities as defined by accounting principles generally accepted in the United States of America. Further, EBDDT is not accepted in the United States of America Further, EBDDT is not necessarily indicative of cash availability to fund cash needs and should not be considered as an alternative to fund cash flow as a measure of liquidity. The Company believes, however, that EBDDT provides relevant information about operations and is useful, along with net income, for an understanding of the Company's operating results. EBDDT is calculated by adding depreciation, amortization, and deferred income taxes to net income as they represent non-cash charges. 3
